

SPACE FOR BIG IDEAS

THE NEW
KNAPSITE

Chemiepark Knapsack Cologne

YOU CAN BUILD ON THIS.

The New Knapsite is one of the largest locations available in Europe for establishing a sophisticated process industry and sustainable chemistry of the future. The site offers optimal transport connections and excellent links to the existing Chemiepark Knapsack and its infrastructure.

Good reasons for big ideas

- One of the largest available industrial sites specifically for the chemical and process industries
- Also ideal for sustainable chemistry of the future
- Attractive industrial region in Europe
- Industrial environment
- Professional approval management
- Attractive public funding opportunities at national and European levels

IN THE HEART OF THE NO. 1 CHEMICAL REGION.

The New Knapsite is located in the middle of Europe's economic centre. Around 150 million people live within a radius of 500 km here. At the same time, this industry-friendly region is one of the most important business markets for the chemical industry. You will find a full range of important supplier companies and R&D facilities in the neighbourhood. And you can also draw on the outstanding potential of local experts.

Your locational advantages

- 13 ha of land for the establishment of a demanding process industry
- Ideal market access to Europe's economic core region
- Efficient combination of energy, raw materials and services
- No contaminations (greenfield site)
- Broad range of building structures possible
- Excellent transport connections
